**IN EVERY PARADE** — Swinging down Palm Canyon drive with stirring music is the Palm Springs high school band. Under the direction of Gustav Patzner the band marches in all civic parades — Desert Circus, Western Week, Christmas parade and so on. Here they are in last Saturday's Western Week parade.

## Western Week Best to Date is Cooper's Report

(Additional Photo on 8A)  
Members of Los Compadres will hear a report on the recently concluded Western Week at their annual meeting at 8 p. m. Thursday, November 9, at their clubhouse.

Los Compadres, with Anita Haskell Jones and Dottie Higgins, as co-chairmen, sponsored the annual event.

New officers will be elected at the meeting to serve during 1954, President Jimmy Cooper said.

Western Week this year attracted the largest crowds to the Village in the 10 year history of the celebration. The parade crowd was estimated at more than 15,000, and the dance at the clubhouse and Wild West shows, both free, drew record attendances.

Cooper praised the co-chairmen for their excellent organization of the week-long program.

## This Side of The Sun

By Phat,

A little touch of glory and here I am  
What probably constitutes the city's biggest ham.

Anyway, it was fun while it lasted. But somehow last weekend and today I've lost an 'R'. Then it was Rex, now it's 'R'. I know how HST must feel...

**BUT BEFORE** I set down another word on this up to now beautiful unsullied copy paper, I wish to have it distinctly and definitely understood that beyond what appeared in this composition Monday, any reference elsewhere in The Sun to the selection of the Western Week king or about the crowning, was entirely outside of my jurisdiction. I was overruled on that awful picture. I just peeked at the story of the coronation for safety purposes. Just before I took off for that precarious ride down P. Canyon drive, I looked at the story Don Klotzbecher wrote about the affair. Once I spelled his name wrong and I heard him threaten he was going to get even and spell mine wrong.

**I AM GRATEFUL** for one thing. That this royalty gag did not occur before Friday, the 13th. Think of the fun Mrs. G. could have had kicking that around. As it was, her first comment after the parade was: "When I saw you sitting on the back of that cart, 'way up high, and saw the little pony I momentarily expected to see the cart tip backward and leave the pony dangling in the air, his feet pawing ozone." She said the royal robe hung down concealing the seat and heard some one ask: "What is he

## Southland Youth Council Attracts 300 to Village

The largest Fall convention of the Southern California Youth Association was held in Palm Springs Saturday, with the Palm Springs Youth Center as host club.

More than 300 delegates representing Youth Centers from throughout Southern California attended the one-day session.

Panel discussions were held at the high school, with general session meeting at the Playhouse Pavilion. Featured speaker was Dr. Whitcomb Braugher of the Baptist church in Glendale, and invocation was delivered by Msgr. John Dwyer, of the Our Lady of Solitude Catholic church, Palm Springs. Entertainment at the evening meeting was furnished by the Wendell Hines Trio and the Guadalupe Trio of the Doll House. Roosevelt Thompson at the piano and Comedian Bill Williams, Larry Etchison was master of ceremonies. Lunch and dinner were catered by Dale Stoner.

Ted McKinney, local Youth director, was in charge of arrangements.

## Chamber Vote Set for Dec. 1

Directors of the Palm Springs Chamber of Commerce will hold their regular meeting this morning, Thursday, in the Chamber offices.

Among items to be discussed will be a recommendation from the Chamber's executive committee that the fiscal year be changed to correspond with the city's, and President Frank Prince's recommendations for the nominating and election committees.

Annual election will be held Tuesday, December 1, with all members scheduled to receive ballots prior to that time.

## Colegate Thanks City for Plaque

Council Tuesday evening received a letter of appreciation from former City Attorney Roy Colegate, for the plaque presented him at the testimonial dinner Thursday, November 12.

## ALL WORLD ASKS ABOUT VILLAGE

Results from throughout the world.

That's the report today from William Dunkerley, Chamber of Commerce manager, on the newspaper advertising campaign being conducted by the Chamber this year.

A request for information concerning Palm Springs came from G. Onakema, in the education department at Warri, Nigeria, and he also requested material to be sent to a friend, Sinbad Kika, same address.

The envelope was addressed to: America's Foremost Desert Resort, 44th Season, Palm Springs, California.

## Joy Ride in Toy Auto Leads Pair into Law's Toils

(See Photo Below)  
Two youths stole a car Tuesday morning and went for a "joy ride," but the car broke down in Garnet and they were apprehended while walking back to the Village.

And the only charge placed against them was petty theft, for the auto was a homemade toy, six feet in length and three feet in width, and powered by a gasoline motor.

The auto ran though, as the boys will testify. First, from where it was taken at 365 South Indian avenue at the Homura residence, the 14-year-old youths used the desert to leave the city and then utilized the highway to Garnet. The steering mechanism broke down there.

Officer Alex Budsey was assigned to the case, and followed the car tracks to the city limits on Indian avenue. He continued on the highway toward Garnet when he sighted the two youths walking along the highway, and stopped to question them.

They admitted the theft, gave the location of the car, and received a ride to the police station.

Police Chief John S. Davis went after the car, and hauled it back in the rear of his car.

## Park Dedication Set for Spring

Official dedication of Tamarisk (North End) Park will be held in the Spring of 1954, council decided Tuesday night following a recommendation of the city park board.

## Village Linked with San Diego, Vegas by W.A.L.

New air service for Palm Springs, linking the city for the first time directly with San Diego, will be inaugurated by Western Air Lines on Dec. 15; it was announced today by Arthur F. Kelly, the airline's vice president-sales.

Flights over the 85-mile segment will begin when Western launches its new, one-plane schedules from San Diego to Las Vegas, via Palm Springs, providing fast air transportation between three of the nation's most famed recreational areas for the first time.

**DAILY FLIGHTS** will be operated over the 259-mile route at the lowest air fares ever offered between Palm Springs and both San Diego and Las Vegas, according to Bruce Pickett, Western's local manager.

The airline's December schedules call for one-hour flights from Palm Springs to San Diego, and 1 hour, 30 minute trips to Las Vegas, offering the fastest air service between the three cities.

**THE NEW ROUTE**, which opens a new area to Palm Springs' attractions, will be given prominence in Western's "Sun Country" promotional campaign now getting underway in 11 western states and Canada, Pickett disclosed.

Northbound flights will leave San Diego daily at 4 p. m., leave Palm Springs at 4:45 p. m., and arrive at Las Vegas at 6:15 p. m., while southbound trips will leave Las Vegas at 6:45 p. m., leave Palm Springs at 8:05 p. m., and arrive at San Diego at 9:05 p. m.

# Mayor Urges Action on New City Hall Site Now

**PROUD HOMEOWNER** — Lily Pons bubbles with pride as she points out to Mayor Florian Boyd the features of the new home she is having built in the Village. The popular diva is pointing to the kidney-shaped pool which will be one of the many attractive features of the house.

## Boyd Says Delay on New City Hall May Prove Fatal

Final action on selecting a site for a new city hall, and ordering construction, was deferred by council Tuesday evening—for two weeks to a month.

This was the maximum length of time possible to delay a decision, according to Mayor Florian Boyd, who warned that "unless a city hall is built now, it never will be built."

At the end of the time set aside for contemplation of the project, council should "either go ahead with construction or abandon the project completely," Boyd said.

## CBA Convenes at El Mirador in 30th Congress

Advance guard of what is expected to be one of the largest conventions of the season began arriving in town yesterday for the 30th Anniversary Congress of the Builders Contracting Association of California.

Sessions of the state convention will be held at El Mirador hotel today and tomorrow and more than 800 delegates and wives are expected here for the event.

Irvy C. Jordan, CBA president, is here for the convention and said that registrations for the program are setting a new record.

**THE CONVENTION** will commemorate the 30th anniversary of the organization of the CBA and leading buildings, contractors and building supply firms will be represented. The CBA chapters from Kern county to San Diego county will send delegates to the sessions. Every section of the southland, every phase of the industry will be represented.

There will be exhibits of various building materials in connection with the convention.

Robert A. Olin, West Covina contractor who is program chairman for the Congress, called the panel discussions planned for the members an

## ANOTHER REPORT ON QUICK RESULTS

Wilson D. Ellis, Cathedral City, had a metal turning lathe which he wished to sell. It was priced at \$150.

So he placed an advertisement in The Desert Sun classified section Monday.

One hour after his first telephone call, which came soon after The Sun appeared, he sold the lathe.

For similar speedy and satisfactory results, just dial 2249 and ask for the classified department.

**WINNER** — Ben Hogan, left, congratulates Marty Furgol, winner of individual honors in the Pro-Amateur tournament at Tamarisk Country Club, following completion of the 54-hole play Monday. Hogan, in a surprise finish, dropped to third place after leading at the 36-hole mark.

## FURGOL, HOLCHER HEAD HOGAN AT TAMARISK

A veteran tournament player and a 21-year-old sailor who just turned pro, came through in the final round of the Pro-Amateur tournament at Tamarisk Country Club Monday to edge Host Pro Ben Hogan.

Open champion, had held a one-stroke 36-hole lead, but shot a 72 on the final 18 holes to end three strokes behind the winner. He had trouble with his putting, missing two of 20.

**NEW STYLE CENTER** — Palm Springs is rapidly becoming one of the nation's leading style centers. Because of the mild winter climate manufacturers use this resort area for the advance showing of their fashions for the following Spring. The rapid increase of clothing manufacturers on the Pacific Coast in the last few years has helped to popularize Palm Springs which they often use for the first showing of their latest styles. Style shows presented here equal those of the largest cities — and we have several of them every month as a rule. New styles in shoes as well as clothing are given advance showings here.

The recent development of Palm Springs as a style center has added greatly to attractions of this noted resort. It is known to be a fact that many people like to come here to see and buy the latest fashions — in addition to enjoying sunshine, swimming, riding and golf. Our fashion shows attract many designers from the Pacific Coast — and even some from the East.

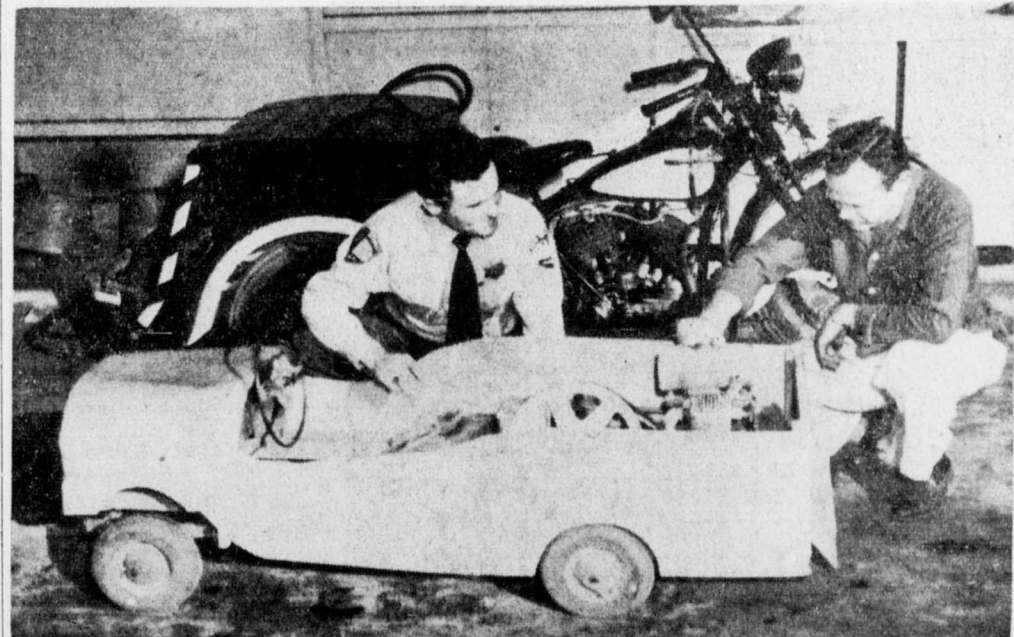

Like Lincoln Roads of Miami and Worth Avenue of Palm Beach, Palm Canyon drive is becoming known throughout the country as a style and shopping center of note.

In addition to the men's and women's stores there is a wide variety of specialty shops with merchandise collected from all over the world. It would be hard to find such a wide variety of interesting shops anywhere in California that can be visited in such a leisurely manner and in such a short time. Palm Springs is indeed a delightful place in which to shop.

This is something to keep in mind with the Christmas shopping-time not far away. The ease with which one can shop here and the delightful array of gift merchandise to be found makes Palm Springs the perfect place for Christmas shopping. Many winter residents and visitors do not realize what an excellent selection they have in the local shops.

This is a chance which we don't often have in this column to give our advertisers a boost. We think they have done a fine job of collecting smart styles and interesting merchandise — that their shops are most attractive and that their prices are in line with those in any of the cities. We hope our readers will watch The Desert Sun issues between now and Christmas for gift suggestions and that they will plan to do their Christmas shopping right here in Palm Springs.

Here's a chance to make a lark of your Holiday Shopping!

**USED FOR JOY RIDE** — Two 14-year-old boys stole the toy car pictured above being inspected by Officer T. M. Aitken and Detective Robert White, and went for a joy ride to Garnet Tuesday morning before it broke down. The car is six feet in length, three feet in width, and is powered by a gas motor.

## Youth, Injured During Parade, Said Recovering

Robert Marshall Rawlings, 9-year-old son of Mr. and Mrs. Clyde Rawlings, McKinney's Court, who was trampled by a horse during the Western Week parade Saturday, was reported this week by his attending physician to be "getting along very well."

He will remain in Desert Hospital for an indefinite time for observation and treatment of possible internal injuries suffered to his kidneys and intestines. Only external injuries suffered were abrasions. Bill Breivog, rider of the horse, was not held following police investigation of the accident, and the refusal of the father to file a complaint.

**SIDE SPLITTERS** — Olsen and Johnson, top notch comedians for the past quarter of a century, head a large musical comedy cast during three-day engagement in the Starlite Room of the Chi Chi starting Friday night. Two matinees will be held Saturday and Sunday in addition to the night shows.

## OLSEN AND JOHNSON TO PRESENT NEW ROARING COMEDY AT CHI CHI

Irwin Schuman's Starlite Room in the Chi Chi will resound to laughter created by two of the funniest comedians of the past quarter century, Friday, Saturday and Sunday.

Olsen and Johnson, known wherever a comedian cracked a smile across the face of some slobber gent in this country or abroad will give a complete 90-minute show on the stage of the Starlite Room with matinees on Saturday afternoon and Sunday.

It's a first for Palm Springs in that type of entertainment with a theme running through the entire musical comedy production called "O' Whotta A Nite."

FURTHERMORE, it's a first for Irwin Schuman—the presentation of a musical revue of the type presented only on Broadway where the seating capacity of the theater auditoriums are probably five times as large as that in the Starlite Room.

That the three-day show will be a sellout with standing room only is a foregone conclusion judging from the rate reservations are already pouring in, according to an announcement by the management of Chi Chi.

OLSEN AND JOHNSON who reached the very heights of the entertainment world in "Monkeys Business" and in the

## Arrest Follows Highway Crash

Joe Barajas, 23, Palm Springs, was arrested for driving while intoxicated and for not having a driver's license in his possession, following an accident at 6:30 p. m. Saturday.

Investigating officers reported that Barajas' car, traveling south on Highway 111, was on the wrong side of the highway and struck a car being driven by J. Blake Field, 67-486 Highway 111.

Damage to Field's car was estimated at \$175, and to Barajas' \$75.

## San Franciscan Killed in Plane Crash Near City

Frank Hastings Varney, 44, Berkeley, was killed instantly Tuesday when his light, one-seater plane crashed while making a landing approach at Palm Desert Airport.

Varney, western district manager of the Typhoon Air Conditioning company of Oakland, was a frequent visitor to this area.

The plane crashed in a wash about 100 feet east of Del Sol road near the Palm Desert landing strip. Deputy Coroner Robert Drake said that Varney apparently died of a skull fracture, suffered when his head hit the instrument panel of the plane.

## Loses License on DWI Charge

James Emmette Monaghan, Reno, Nevada, was fined \$150 and had his driver's license suspended for 90 days when appearing before Judge Eugene Therleau in Justice court Monday on a charge of driving while intoxicated.

Monaghan was arrested at 2:30 a. m. Sunday, after officers witnessed him driving erratically and speeding on Palm Canyon drive, from Tamarisk road to Vista Chino.

## Chef Seffusatti Performs Magic at Coral Tree

He performs magic in the kitchen—in the preparation of food. That's what they say of Chef William Seffusatti of the Coral Tree restaurant in the Palm Springs hotel.

Born in Italy, reared in France, Seffusatti has the combined culinary touch of both. As a naturalized citizen of this country, a World War II twice-wounded veteran, he has acquired all that is good in American dishes, too.

Seffusatti has been called the "Michelangelo" of the kitchen by a famed radio commentator.

CARNATION HOME  
SERVICE DIRECTOR

All your holiday season entertaining—open houses, lunches, dinners—will take on extra glamor when you serve the new Carnation Treat-of-the-Month—Butter Pecan Ice Cream. So unusually good. It is made with the finest, plump pecan nut meats, roasted in pure, fresh creamery butter, then blended with fine homogenized Carnation Ice Cream. I know you'll enjoy it very much!

## MINT CHOCOLATE JIFFIES!

(Makes 2 dozen medium cookies)

- 3/4 cup butter
- 1 cup brown sugar
- 1 egg
- 1/4 teaspoon mint flavoring
- 2 squares (2 oz.) melted bitter chocolate
- 1 3/4 cups sifted all-purpose flour
- 2 teaspoons baking powder
- 1/2 cup milk
- 1/2 cup chopped nuts

Blend butter, sugar, egg and mint flavoring until light and fluffy. Add melted chocolate; mix until smooth. Stir in rest of ingredients. Blend well and drop from spoon to buttered cookie sheet. Bake in hot oven (400° F.) 15 minutes. Remove cookies to rack for cooling.

## Just Plain "EATIN' NUTS"!

Today, pecans are enjoyed everywhere, yet the industry is less than 30 years old. It is said a New York banker inspecting oil properties in Oklahoma happened to pick up some nuts lying on the ground. He was informed they were "just pecans, but good to eat." He took home a pocketful, liked them, sent for a few bushels—and before you know it, people all over Texas and Oklahoma were planting groves to keep up with the demand! 2% of the world's supply now comes from these two states, and at the height of the picking season, more than 35,000 people are employed.

Carnation Butter Pecan Ice Cream is a wonderful treat and a fine food. One average serving (2 1/2 cup) brings the equivalent of 1/2 glass milk in protein, calcium and B-vitamins—and more vitamin A than a whole glass of milk!

Jack rabbit starts from a dead stop are for the fellow who likes to pay for gasoline—try to time yourself to hit the signals green. Soft tires are like a leak in the gas line—check the pressure often.

walking on air?" ... Well, I really was.

**CLOSING THE BOOKS** on Western Week ... A tribute to Anita Haskell Jones and Dottie Higgins ... When Los Compadres club turned over the annual event to them they did better than they knew ... For the two girls took over and really made it a week ... According to Jimmy Cooper (whose letter to This Side of the Sun really started the Western Week celebration 10 years ago) it was the most successful of them all ... And Frank Bogert really deserves a big hand ... He was there all of the time, emceeing the affair, calling the turns, and keeping things moving ... Not only for Western Week but for every other civic event ... And as for all of those nice things he said about civic things I have advocated ... You can't go any place unless you have a good vehicle ... And I have ... The Desert Sun.

**THERE'S A MAN** in town who made a grave mistake the other night ... His wife graciously granted him a night on the town ... Stag ... One stipulation was that he be home by 1 ... So he gets himself looped early in the evening, sees double and is home by 11 ... Frank Arady, 2115 Arady drive, gave police a new item for the blotter ... He called them to come down and pick up a dead fox ... It was lying by the front gate of his place Sunday afternoon ... Probably the victim of over-excitement with all of the things going on here.

**THE WEATHER** was kind to us last week ... With the town full up, the rains came ... But only at night when all of the goings on were indoors ... No outside events scheduled ... And by Sunday morning the skies cleared and it was another great day ... But you can't please all people ... While the Chamber of Commerce and Los Compadres were gleeful about the weather Sunday one man I met was doleful ... He complained that we didn't have enough rain ... Well, I didn't have the time to jot down many notes this week so this piece is rather dull and skimpy ... Only consolation is that I was so rushed that if I had jotted down notes, I probably wouldn't have been able to read them today. And next comes Thanksgiving, followed by cold turkey and then hash.

## Teeing Off at Tamarisk

BY AVERY ALLEN

What a weekend! This Palm thing is sure something. From the Friday night Pre-Tournament Party until the Monday night prize award party, not a small dull moment. Everyone happy, especially us, to be hosts to such a great field of golfers and friends. Sombreros off to Ben Hogan, Ted Cadman, Pat Martin, George Forman, George Doyle et al for a smooth job. Tiny and Milo put on some swell buffets to round out the picture. Jimmie Metz, in the firewater department had to have extra help. Everyone turned to and helped out everywhere—wives too—even sweethearts were on the firing line.

New members brought into the club this week: Bill Morgan, Los Angeles, Mike Ferenz, former public links champ, Jackie Singer, Palm Springs, Herman Miller, Van Nuys, Victoria Parsons, Palm Springs, Lloyd Woods, Beverly Hills; Jack Dorman, Cincinnati; Glen Thomas Long Beach; Jay Woodward, Los Angeles and Charles Hanson, Kansas City.

A few of the high spots this week—Phil Harris and Lou Golan having a go-round. Esther Williams in for lunch with husband, Ben Gage, after he did his loop. Harpo Marx down with Norman Krasna, Maurice and Sophie Bernstein down for lunch, bringing with them that lovely little golfing lady, Betty Hicks, who is getting ready for the women's Winter pro tour, "Mr. Golf" giving his friend Pollard Simons a little fatherly advice on the practice tee. George and Betty Forman showing his lovely mother around the club. Victor Martin, age 7, son of our resident pro, Pat Martin, on the practice tee—seems to have his old man's swing all right. Vic won a cup almost as tall as he is at a Tahoe tournament this summer. Dr. S. W. Kivist from Larchmont, New York, Mr. and Mrs. Earl Carter from Selma, James Abercrombie from Visalia and Mr. and Mrs. Peter MacArthur from San Francisco, were a few of our out-of-town guests this week.

This fellow, Ted Cadman, managing director put on a swell cocktail and buffet party for the whole staff. From the enthusiasm and loyalty everyone feels for this guy it's no wonder his team is unbeatable. He introduced his gracious gal Alice, to all and they loved her. Tiny and Milo outdid themselves on the beautiful buffet. Paul Adressi, course superintendent and president of the Little Man's Association, was the volunteer mixer upper of the evening—those files sure are stomping around on the wall again.

## Traffic Toll Among Deer Starts Drive

In a move to reduce the number of deer killed by motorists in the San Jacinto Mountains the Idyllwild chapter of the Izaak Walton League has launched a sign posting project for highways and sites where deer are frequently hit.

With the improvement of highways and major roads in the mountain area the number of deer killed each year has shown an increase, game officials declare.

Certain locations where deer cross for feed and water have become death traps for deer as well as hazardous for motorists. The Izaak Walton League plans to erect signs near these crossings to warn travellers that deer are in the vicinity, and to slow to a safer speed. The signs will be painted to reflect at night when the danger of hitting animals is greater.

All three teams, the Indians, Hemet and Elsinore, are tied for first place with identical records of five wins and one loss. Only one will be official champion though, as league rules provide for the team winning over another to be declared the title club.

**IN PLAY TO DATE**, Hemet defeated Palm Springs and Elsinore defeated Hemet. So, in order for the Indians to win the

title, they must defeat Elsinore and Hemet must be tied or defeated by Banning. If Elsinore should win, it would automatically take the championship no matter what Hemet did.

Regardless of the complicated set-up, Coach Ballagh expressed confidence that his team could win over Elsinore and take undisputed second place, regardless of what Hemet did.

**ONE OF THE LARGEST** crowds in football history here is expected to watch the game, starting at 8 p. m., and cheer the local team on to victory.

The team will be in its best condition in recent weeks, with all players coming through the San Jacinto game in fine shape, together with the return of Star Tackle Charley Driskell.

Coach Ballagh didn't reveal any secrets in the contest Friday night, using a straight single wing to compile the winning margin in first half play, and then using a combination of first and second string players to finish the contest.

**HE PICKED** Alvin Harrison, Tony Summers and John Laster as the outstanding players of the game.

It was Harrison who started the Indian scoring with an 87-yard dash around right end, on the second play after Palm Springs got possession of the ball.

In other action Friday night besides the games affecting the championship, Coachella travels to Perris in the battle for fourth place, and San Jacinto goes to Beaumont to see who finishes in the cellar position.

## COURT ORDERS DELAY IN INDIAN LAND SALE

Sale of nine parcels of Indian land at public auction scheduled for tomorrow, Friday, has been postponed until January 20, 1954, by order of Judge William C. Mathes of the United States district court, southern district of California.

This ruling was made on a motion presented Monday by the United States Government, which pointed out to the court that the advertisement of the sale was legally defective as it improperly described the lands to be sold.

**THE LEGAL ADVERTISEMENT** appeared in The Desert Sun for the past four weeks, and was prepared by Sale Commissioner Eugene T. McGann, Rosemead attorney.

The sale of the valuable Indian land was ordered by Judge Mathes to satisfy a judgment for attorney's fees for Oliver O. Clark, Judge John W. Preston, Sr., and David Sallee, for their representation a few years ago of Lee Arenas, Guadalupe Arenas (deceased) and Eleu-

**LEARNING BY DOING** — Boys at Twin Pines Ranch for Boys, receive rehabilitation through "learning by doing" in the classroom and in vocational education. When they leave Twin Pines, they return to their own families or are placed elsewhere if their home environment was what caused their need for rehabilitation in the first place. In many cases, employment is also secured for the youths. Pictured is one of the Ranch Hands in the kitchen, helping to prepare the noon meal.

## Scope and Aims of Twin Pines Ranch for Boys Told

By DON KLOTZBUECHER

What is Twin Pines?

This is a common question being asked of Miss Deenie Young, who is in charge of the Desert Sun subscription campaign which is being conducted to purchase dress Western outfits for the boys' choral group there.

Another common question is, "Why can't the outfits be purchased for the boys by proper authorities?"

**FIRST, TWIN PINES** is a resident high school for boys with problems. It is located in the San Jacinto Mountains 11 miles southeast of Banning, and is under the jurisdiction of the Riverside County Probation Office.

Boys who go there are boys with problems, which usually develop from the wrong environment.

But the sole purpose of Twin

Pines Ranch, its general program and curriculum, is the true rehabilitation of the boy. The Ranch supplies the four basic needs of a boy with problems—love, attention, recognition and adventure.

**THERE IS A HOME** atmosphere at the Ranch which dispels all the distrust and resentment which the boy may have had when he arrived. His length of stay depends on his adjustment—many graduate in less time than others.

The boys receive all the needs of life, food, clothing, etc. But funds provided by the county cannot be used to purchase extras such as dress Western outfits.

**BUT THIS TOO** is important. It also provides the boy with a feeling that the outside world to which he will soon return does care about his future.

You may help in instilling this confidence in him by subscribing to The Desert Sun when Miss Young contacts you. Benefit from the campaign will be to purchase as many dress Western outfits as possible for the boys.

## Ask Protection at North Indian Avenue Crossing

Supervisors were studying a request today for "adequate protection" at the intersection of Highway 99 and Indian avenue, north of Palm Springs and en route to Desert Hot Springs. The request was made Monday at the board meeting by the Desert Hot Springs chamber of commerce which called attention to the hazardous crossing, the chamber suggested an underpass grade separation.

Supervisor Homer Varner, however, said that crossing signals would serve the purpose and be less expensive. The board ordered a study of the problem.

### GOT IT ALL BUT THE KITCHEN SINK

They throw in everything but the kitchen sink. That's what the directors of the newly formed Desert Hot Springs County Water district found when they took over the properties of the Desert Hot Springs Water company last week. In the bachelor apartment block of the office they acquired they found the water heater, showers and all the rest of the equipment but only a wide open space where the kitchen sink had been. They decided to write the former owners about the missing sink.

### Village Included in Defense Test

Palm Springs and six other county cities will participate in the first of a series of statewide civil defense communications tests November 23, according to City Manager R. W. Peterson, local director.

The public will not take part in the test, which will consist of a three-minute warning siren or short blasts followed by the all clear of three one-minute blasts with two-minute silence between.

Time of the test is 12 noon. Official notice will be received at the Palm Springs Police department, where a civil defense "bell and light" system is located.

Other tests have been scheduled for December 28, January 25, February 22, March 22 and April 26.

### Bar Association President Cites Further Desert Needs

Attorney Rex Hardy, newly elected president of the Desert Bar association, listing the accomplishments of the organization since it was first formed two years ago, said there was still much to do to bring county government closer to the desert area.

"The Desert Bar association activated the drive to obtain a branch of the Riverside county superior court in the desert area. This has been successful and we now have Department IV of the superior court located at Indio with Judge Hilton J. McCabe presiding.

"AS WE ALL KNOW, this campaign could not have succeeded without the active assistance of Supervisor Homer Varner, Assemblyman Lee Backstrand, Senator Nelson Dilworth and many others. "Nevertheless I feel that if it had not been for the part played by the Desert Bar association in spearheading this campaign the people of the desert area would still be required to travel clear to Riverside to transact their superior court business, a round trip distance of 110 miles from Palm Springs, 150 miles from Indio, and about 340 miles from Blythe.

"UNFORTUNATELY it is still necessary for them to do so in court cases which involve matters between \$500 and \$3,000 as there is no municipal court in the desert area and the minimum jurisdiction of the superior court is \$3,000, while the maximum jurisdiction of the justice courts is \$500.

branches of the clerk's office, assessor's office, tax collector's office, and other county offices so that the citizens and taxpayers of the area may transact such business without making the long trip to Riverside.

"With the continuing help of our supervisor and other public officials and diligent effort on the part of all concerned, it should not be too long before the residents of our desert area can be provided with these urgently needed facilities."

## City Adopts Master Plan for Streets

Eliminate Plan for Mesquite, Palm Canyon Drive

Council Tuesday evening adopted the master plan for major thoroughfares as recommended by the city planning commission. No one appeared in opposition to the plan.

Principal changes in the adopted plan from the original map published in The Desert Sun prior to planning commission hearings, are:

The present alignment of State Highway 111 (Palm Canyon drive) be considered the master route of the highway.

Mesquite avenue is deleted as a major street, and not continued directly eastward through Section 24. Residents of Mesquite had petitioned for this change.

Principal access to Section 24 be provided by a north-south thoroughfare. No thoroughfare be established in Veteran's Tract.

Of the two alternate routes connecting Alamo road with the airport and proposed city hall site, the westerly route be considered the master route.

City Planning Director W. G. Roessler pointed out to council and residents present that the plan is merely a guide for future official plans for each street, and does not call for dedication of rights-of-way.

## Improvement for Calle Encilia Next

Improvement of Calle Encilia was ordered by city council Tuesday evening, following a public hearing at which no one appeared in protest.

The hearing, held under provisions of the Assessment Act of 1911, was postponed at the previous meeting to permit residents to circulate a petition for sewers. This petition failed.

## 400 Scouts Registered in Palm Springs Council Area

(This is the fourth in a series of articles on agencies which are aided by your contributions to the Community Chest.)

Almost 400 Scouts and Cubbers were registered last year in Palm Springs District, Boy Scouts of America, and this total could have been increased by additional adult leadership.

These Scouts and Cubbers are supported by Community Chest funds, with approximately \$12 needed for each boy per year.

There now are three Cub packs, six Scout troops and one Explorer unit in the district, covering about one-third of the eligible boys. Age limits are: Cubs 8 to 11; Scouts 11 to 14; Explorers 14 and up.

**UNITS IN OPERATION** and their sponsors are: Troop 38, Palm Springs Rotary Club; Troop 56, Community Church;

Troop 59, Desert Hot Springs Rotary Club; Troop 77, Kiwanis Club; Troop 78, Thousand Palms Chamber of Commerce; Troop 81, Cathedral City Lions Club; Explorer Post 111, Palm Springs Elks Club; Pack 59, Desert Hot Springs Rotary Club; Pack 80, Thursday Night Club; and Pack 81, Cathedral City Lions Club.

More than 100 District Scouts spent a week or more at Camp Emerson, Idyllwild, last summer, with 40 at the Spring Camporee, and 30 in the Fall trip. This totalled more than 850 boy-days at camp.

## County Decides to Buy Its Own Camels for Festival

Riverside county is going in to the camel breeding business.

Each year the county rents camels for the annual Riverside County Fair and National Date Festival at Indio.

Monday they decided to spend \$2,500 for two young camels, to own them outright.

The camels — a male and a female — will live at the fairgrounds, but now and then they will make trips to advertise the fair and festival, which lays heavy emphasis on the

Coachella Valley's date crops and other Arabian themes.

County Fair Manager R. M. C. Fullenwider said he hopes that the camels will be family-minded and produce enough youngsters to make it unnecessary to rent camels for the races staged at each fair and date festival.

The next fair and date festival takes place in February of 1954.

Palm Springs was honored this year with the naming of Carl Lykken as Riverside County Council president. Jacques Crommelin is the chairman of the District Council.

Plan for Drinks Nipped by Police

A sleeper at the police station tried to "pull a sleeper" Saturday night.

Ray Byrd Leavell, 49, requested that he be admitted as a sleeper for the evening, but officers were suspicious that he had been drinking to excess and on searching him found a bottle of liquor strapped to his right leg.

Leavell was then booked on a drunk charge.

## Seek Office for Clerk at Indio

Supervisor Homer Varner of the fourth district has been designated by supervisors to study the establishment of an office for the county clerk in Indio near the new county fourth department superior court.

The question came before the board last week when County Clerk Gordon A. Pequegnat told members that the law requires a clerk's office wherever there is a superior court. Varner said the cost would be about \$4,000.

## Request Paving of Four Streets in Cathedral City

A. C. Keith, county road commissioner, had under study today a request from Cathedral City residents for the improvement and paving of four streets in that area. Supervisors received the request Monday and referred it to Keith.

The owners offered to help pay for the paving. The roads are Vista drive between Terrace road and Grand View street; Bel-Air drive between Terrace road and Grand View street; Paradise way between Terrace road and Grand View street; and Grand View street between Vista drive and Angels Flight street.

## County Building Staff Increased to Meet Growth

County Building Department — faced with a steady parade of million-dollar months — received permission Monday to increase its staff of inspectors and clerks from 13 to 16.

County supervisors gave the permission unanimously. Chief Building Inspector Ray Lindelef had told them:

"The workload of the department of building and safety has increased to a point where it is no longer possible to properly service the active permits on file with the department."

For the past few months the Palm Springs area, from Desert Hot Springs to Palm Desert has been the most active in county building operations.

So far this year, Lindelef's department has issued about 4,200 permits for construction valued at about 13 million dollars. About 1,300 of the permits were for "one-family dwelling units."

If Columbus had had a ship-to-shore telephone and the American Indians had had telephone lines instead of their smoke signal system, the adventurous explorer would not have been so much in the dark as he apparently was.

When Columbus started out on his voyage he didn't know where he was going; when he got there he didn't know where he was; and when he returned to Spain he didn't know where he had been.

Today such a state of affairs would not exist. Now when we need information about anything we simply call someone on the telephone and get it. And the cost of telephone service, either local or long distance, is "peanuts," compared to its value.

## Cathedral City News

By Paul and Mildred Clark—Phone 8-4691

### Win High Praise

Cathedral City Water Supply and the Cathedral City Sanitation district were both commended this week by officials of the Colorado River Basin Region of the State Regional Water Pollution Control Board.

Terrence H. Donovan, executive officer, and David Green, engineer, conferred with local representatives while making a routine check on conditions in this area. The record of monthly checks by the Riverside county health department shows that the wells operated by the Cathedral City Water company are among the highest rated in the county. Donovan said that wherever population exceeds twenty per acre, there is always the question of possible water pollution. The Ca-

thedral Sanitation District is the only organized district in what is becoming a very thickly populated area between Palm Springs and Indio.

While primarily organized to provide garbage and refuse collection and disposal, the district has the power when the need arises to go ahead with the construction of sewers and a sewage disposal plant. Claude Cobb, president of the Sanitation District, said that a survey by competent engineers is being considered so that a long range plan may be outlined. W. R. Hillery, former assessor for the district, has suggested the possibility of one district organization to serve the territory lying between Palm Springs and Indian Wells, embracing Tramview, Cathedral City, Thunderbird, Rancho Mirage,

and Palm Desert. In that way one main sewer line could follow along the flood channel, taking advantage of the natural fall, and be served by one sewage disposal plant.

### Scorpions Win

Cathedral City Scorpions defeated the hard-fighting Sidewinders from Desert Hot Springs in a thrilling game of touch football at Cathedral City School Field last week. Trailing by two touchdowns at the half, the invaders fought back and clearly outplayed the locals during the last two periods, but a pair of long scoring runs by Ruben Guevara enabled the Scorpions to eke out an 13-12 victory. Ken Wagner also scored on a neat pass from Eddie Flores. A rugged hard-hitting forward wall set the stage for each of the winners' tallies. Norman Ruiz and Jerry Blomgren led the attack for the Sidewinders with a brilliant exhibition of running and passing. The same two teams met

again at Desert Hot Springs next Saturday.

### Rummage Sale

Women of the Parish of St. Louis church have been feverishly preparing for their fifth annual rummage sale which opens Saturday, Nov. 21, at 9:30 a. m. in the parish hall on B at Glenn. Additional racks have been made to display the clothing. In previous years, through the kind cooperation of various merchants, the sale was held up and down Broadway. Though the sale will soon get underway, it will probably continue for a week or more giving friends sufficient time to bring in additional articles for the sale.

Father Joseph Leissler, pastor, said "The Parish regrets having its rummage sale so close to the Community church's food sale which is being held the day previous. Unwittingly, the date of the rummage sale had been planned several months in advance not realizing that it would con-

flict with the annual sale of our neighbor church."

The information forum for those seeking to know more about the Catholic church will again be held on Monday nights at 7:45 p. m. in the hall on B at Glenn. After a talk by the pastor on a topic of interest, there is a question and answer period. These informal gatherings are open to Catholics and those of other or no religion.

### Notes in Brief

An old time Cathedral City landmark, for years known as the Totem Pole, went under the auctioneer's hammer last Sunday at a public auction. The property at the corner of Broadway and Cathedral Canyon drive now known as Carol's Club and operated by Mac Barrett was sold to R. H. Sherrill and R. A. "Al" Laurie. Mr. Sherrill is vice president and general manager of the local water company and Mr. Laurie is proprietor of the Steak Ranch just west of the village.

Two residents of Cathedral City, Willard Price, author of "Journey by Junk," and Dr. Robert Hine, author of "California's Utopian Colonies," were

speakers at the Los Angeles County Librarians Convention yesterday at the Ambassador Hotel in Los Angeles. Mr. Price and his popular books need no introduction to people in this area. Dr. Hine has recently received his Ph. D. from Yale and will be a professor in the Humanities Department when the new branch of the University of California opens in Riverside the first of the year.

Miss Flora Duane of the Casa Linda apartments, left this week by air for a two months tour of Europe. While in Paris she will be the guest of Mr. and Mrs. M. Perrier. Mr. Perrier is head of the Celanese Products Company.

The Cathedral City Lions Club held a joint dinner meeting Tuesday evening with the Coachella Valley Lions at the Woman's Club House in Coachella. Some forty members made up a caravan and supplied a program of Alaskan motion pictures with a travel talk by William Wallace, Rancho Mirage Winter resident, and publisher of the Alaskan Milepost. President Francis Wood and Claude Cobb operated the sound projector which is owned by the local club.

*Fabulous Oasis*

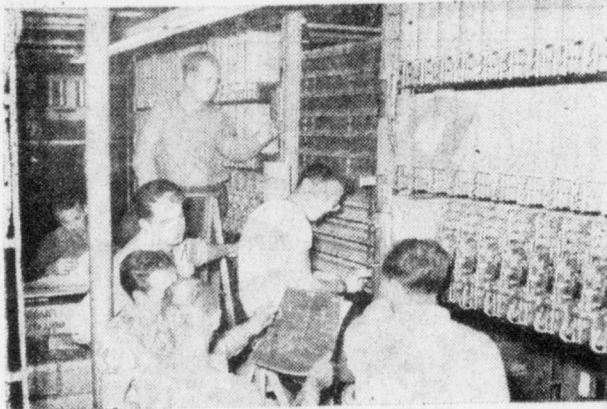

whose postwar growth — both in population and telephones — has been substantial

### HIGHLIGHTS OF PROGRESS Since 1945

Increase in population — 45 per cent  
Increase in number of telephones — 236 per cent  
Increase in plant investment — 437 per cent

(Nearly \$2-million are now invested in the telephone facilities required to serve the Palm Springs District. An additional \$1.4-million are scheduled to be spent in 1954 for further expansion and improvement.)

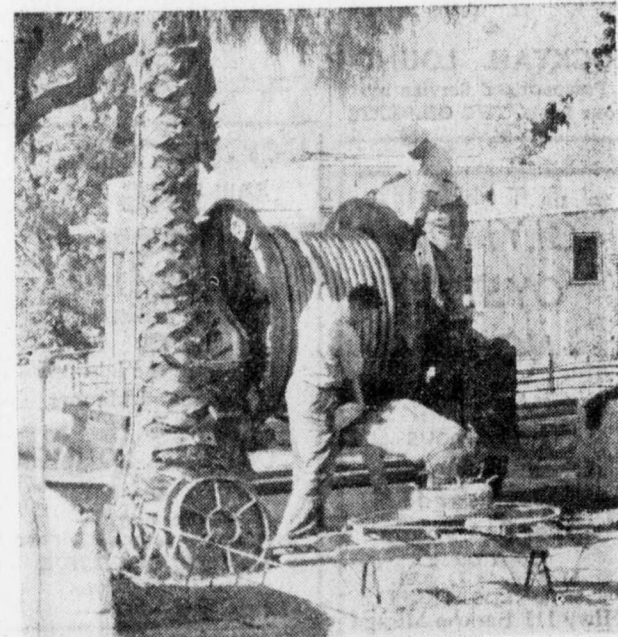

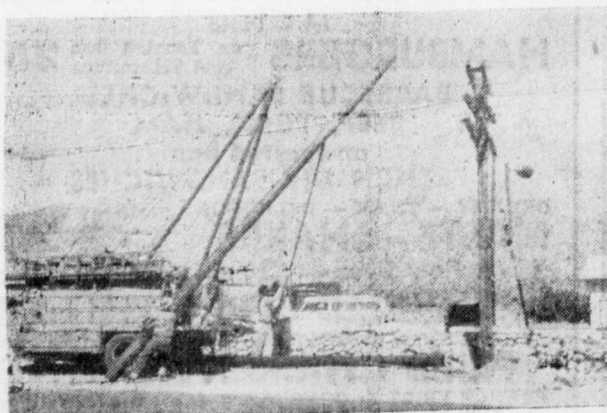

Because of its own peculiar seductiveness Palm Springs attracts people from everywhere and during the last few years this fabulous city in the sun has grown as rapidly as the rest of the expanding West . . . creating a tremendous demand for telephone service which, as you can see by the figures above, is being provided at a fast rate. Note that the increase in telephones far outstrips the increase in population.

Before a telephone can operate it must be linked to an amazing aggregation of extremely complex apparatus in the central office, expensive equipment custom-made to meet the specific requirements of the particular exchange.

Not only are company engineers busy on current central office development but they are also busy on future planning for national toll dialing, a telephone technique which will enable subscribers to dial directly almost any city in the country.

And before a telephone can be linked to central office equipment it must first be connected to an intricate outdoor network of cables, wires, poles and conduits, a far-flung web representing a large investment in material, labor and time. Crews are constantly at work enlarging this great outdoor web to meet the requirements of this expanding desert area.

Miles of cable are used today in outside plant construction. Since cable consists of a heavy sheath of lead encasing pairs of copper wires it is expensive equipment and men who handle it must be trained experts in this branch of telephone plant construction. And because of the size and type of cable required to meet today's increased demand for service, much of it must be placed in conduits underground.

Our Goal: To Keep Pace with the Ever-Growing Demand for Good Telephone Service

## Soul and Body Christian Science Lesson Subject

The glory of Soul and its practical effects upon human experience will be developed in the Lesson-Sermon "Soul and Body" in all Churches of Christ, Scientist, this Sunday.

The Golden Text reads, "The light of the body is the eye: if therefore thine eye be single, thy whole body shall be full of light." (Matt. 6:22)

Paul teaches in his first letter to the Thessalonians (5:18, 21, 23), "In every thing give thanks: for this is the will of God in Christ Jesus concerning you. . . Prove all things; hold fast that which is good. . . And the very God of peace sanctify you wholly; and I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "When you say, 'Man's body is material,' I say with Paul: Be 'willing rather to be absent from the body, and to be present with the Lord.' Give up your material belief of mind in matter, and have but one mind, even God; for this Mind forms its own likeness." (p. 216)

The observance this year has featured special sermons on the power of prayer. These have been given every evening at the church, and members have joined in prayers for the divine guidance of nations and for the completion of church work around the world. Services will

## United Schools Now Classified as City District

Palm Springs Unified school district, because of its increased enrollment, now qualifies for classification as a city school district under the state education code, Dr. Arthur G. Hoff, superintendent, announced today.

The governing board, formerly known as the board of trustees, will now be known as the city board of education.

Average daily attendance for the school district has grown from 1,339 during 1948-49 (when the district was unified) to 1,643 for the year 1952-53. This latter will be increased by additional enrollments later in the year.

# WHY

THE QUESTION that states the problem of life for us is: Why did God make us?

THE ANSWER is: God made us to love Him and to serve Him in this life and afterward to be happy with Him for all eternity in Heaven.

It follows then that our supreme task in life is to strive with all our being to fulfill God's wonderful purpose in creating us.

It follows also that we should make diligent use of all the means and aids that are available to help us gain that goal.

The American Legion invites YOU to join in the program of active participation and support of the Church of your choice.

## County Jail Situation Said "Emergency"

Sheriff Requests  
Enlargement of  
Prison Camp

Sheriff Joe Rice Monday asked supervisors to enlarge the county road camp at Banning to take care of an additional 100 county prisoners.

He said that the overcrowded situation at the county jail now constitutes an emergency. Supervisors told him they would study the request and have an answer ready next Monday.

Sheriff Rice said the overcrowding would continue indefinitely and that the solution may be the establishment of an honor farm for minimum risk prisoners.

THE COUNTY JAIL, constructed to handle 147 prisoners, housed 247 of Monday, he said. The jail population may reach 300 by Christmas, deputies said.

The daily prisoner head count has been running consistently over 200 ever since January of this year.

Although many of the present inmates are prisoners sentenced out of the Coachella Valley and Blythe areas for misdemeanor charges (mostly vagrancy), there are also 42 suspected felons out of 58 sentenced prisoners in the jail.

IT IS THE MEN'S section of the jail that is overcrowded, with about 55 of the prisoners presently bunked on the floor of the institution.

There are at present 19 female prisoners. The 247 figure also includes 16 prisoners held in the detention ward of the County's General Hospital.

Another 141 prisoners are at the County Road Camp at Banning. That is the maximum capable of being handled there.

## Hubert Fleisher Elected Member of Honor Group

Fleisher was graduated in 1950 from Palm Springs high school, where his major activities were the yearbook, school paper and science club. He was valedictorian of his class.

At college, he was named Pomona College Scholar for achievement in 1952-53, and has held College, Storrs, Haynes, and Palm Springs Woman's Club scholarships. He is a member of the International Relations club, Young Republicans club, and the chapel committee. A senior, he is majoring in government.

With Hildy Crawford

Royalty passed us by this week . . . but life goes on in America's foremost desert resort . . . His Royal Highness the Sun still shines . . . Half the top stars of Hollywood have vacationed here . . . and I'm inclined to think . . . the King and Queen missed the most exciting spot on the West Coast.

Certainly there's no place like Palm Springs . . . in the whole country . . . Those who get to know it love it . . . and those who don't just aren't living . . .

#### Full Day

Sunday will be a full day . . . with the Fleming brunch at noon . . . and the Herbert open house in the afternoon . . . Here for the Fleming brunch will be the William K. Youngs of Los Angeles (she was Mary Dockweiler) . . . and the Youngs will also go with Tom and Theodora to the Tennis Club opening . . . The Harold Grievies (she was Jetta Goudal of the films and he is a noted decorator) will be weekend guests of the Elwood Henrys and will be at the brunch . . .

This will probably be the last social affair in the Fleming's via Lola home this year as they leave December 9 for Chicago . . . They will arrive there in time to attend the big ball being given at the Blackstone on December 12 by the Packy Dees . . . and they will stay for the christening of their grandchild (anticipating parents are the Thomas Flemings Jr.) . . . and won't be back here until the first of the year . . .

Monte and Bettye Herbert (he's Tamarisk's popular Veep) are opening their new home . . . on the 17th tee at Tamarisk . . . to their friends Sunday afternoon . . . Cleve, invitations . . . modeled after the ones for their big Western Party last season . . . went out this past week . . . Maybe they are a bit more formal as they have marked out "Hi Podner!" . . . and substituted "Dear Sir or Madam" . . . but, brother, "Elizabeth, nee Cactus Bettye, and Montague, nee Dead-eye Monte" . . . are still in the vernacular . . . and this should be a PARTY . . .

Mrs. Bob Bonesteel, who has been at El Mirador for the past five weeks with her husband (he's executive secretary to E. Roy Fitzgerald) . . . left Tuesday morning to fly home to Des Plaines, Illinois . . . Reluctant to leave sunny Palm Springs . . . she had postponed her departure several times . . . Bob, who will be here for some time yet, will have their oldest son here for Thanksgiving . . . Peter, who is six feet four and a half inches tall, is a frosh at the University of Oklahoma . . .

## Tennis Club Opening is "Sell-Out"

Reservations for The Tennis Club's formal opening tomorrow night are completely sold out, Manager Lee Bering reported today, and any late reservations will have to be switched to Saturday night.

Always a popular affair, The Tennis Club's opening has aroused intense interest this year as hints of the new decor leaked out. It is still one of the best kept secrets in the Village and even the Club members will get their first look tomorrow night.

The always beautiful Boudinville Room has been completely transformed with a new look, suggested by Mrs. Austin McManus and created under the skillful direction of Muriel Bering, who first decorated the Club in 1946. Those who have seen it acclaim it as nothing short of sensational.

Dave Sloan and his orchestra, a popular Eastern combination, will play for the opening night and will remain for the rest of the season.

Among reservations for the formal, black-tie affair are the John McClures, who will be celebrating their 33rd anniversary. Their guests will include the Edwin Fallgrens, Owen Churchills (Owen is just back from two weeks in the Good Samaritan hospital), Dr. and Mrs. John Costello, Mrs. Ernest Pagano, the Eugene Keighleys, Mrs. Walter McManus and the Montague Herberts.

A no-host table will include the William Maloufs, their houseguests, the George Barracloughs and Wendell Hunts of Los Angeles, Mrs. Bertine Treat, the Thomas Flemings and their houseguests, the William K. Youngs of Los Angeles, William Bannermans, Sam Kraemers, Dick Edwards, and Frank Waters.

Mr. and Mrs. Austin McManus will host a table for 20, and the George Wheelers will host a large party. Among others with reservations are: the John Stauffers of San Francisco and Los Angeles, Basil Brewer, Mr. and Mrs. Herbert Burns, the Lloyd S. Whaley, Dr. and Mrs. Mace Gazda, the Richard Dwyers, George Cameron Jr., the Keith McLeods, Thomas Skaggs, Russell Wades, Mr. and Mrs. Oliver Jaynes, Mr. and Mrs. Channing Wells, the Howard Morrisies, Mrs. Lee Anderson, and many, many more.

The business session was followed by an interesting and informative talk by Mrs. "Slim" Moorton on the trip she and her husband took last Summer through Mexico, right down to the Guatemalan border. During this motor trip of several months duration, during which they camped along the way, their special interest was in the plant life and they collected hundreds of specimens. Mrs. Horace Pendery and Mrs. David King acted as hostesses, with Mrs. Jones in serving tea, at the close of the meeting.

## El Mirador Opening is Gala Affair

Around 350 diners at El Mirador's formal opening Saturday night took a mythical "Trip to South America" as Eddie Le Baron and his augmented orchestra themed their music that way.

Elaborate dinner menus, featuring Jungians color shots of the hotel, listed a sumptuous menu of melon balls, green turtle soup, and file mignons, winding up with a rainbow parfait and petits fours.

## Clubwomen and Escorts Enjoy Music

The clubhouse was filled to overflowing Monday evening for the Palm Springs Woman's Club's Escort's night, with many men in the audience.

The stage, a bower of blossoms, was a fitting background for five beautiful and talented young women, "The Roguettes," who captivated the audience with their voices and personalities. They were ably directed by Cecil Stewart, who was both friend and arranger of Sigmund Romberg.

The Roguettes sang selections from "Student Prince," "Oklahoma," "Desert Song," and a grouping "Melody Lane" which included old favorites.

Mayor Florian Boyd, special guest speaker, spoke briefly on "What Palm Springs Needs," illustrating the need for "a home" ... a new city hall.

## Many Hands at Work for Red Feather

Busy hands are at work daily at the local Community Chest office, 457 North Palm Canyon. This week more than 4,000 letters were folded, put into envelopes and mailed from the office to citizens of Palm Springs.

The letter with a theme "Lend a Hand" brings to the community the story of charity, and where it is needed. Red Feather casts its glow across the top of the sheet, and six drawings depicting the work of Community Chest are printed through the letter in bright red.

Willing hands who were recruited by Mrs. P. A. Staley, of Welfare and Friendly Aid included: Mmes. Glen Smashey, S. M. Brown, Jack Gorham, John Wagner, Isadore Nelson, Roger Williams, Newton Hotchkiss and Adelaide Cunningham. Others volunteering their services in the Community Chest office recently have been: Mmes. James E. Burnett, John Wood, August Cortisoz, John P. Clark, William Mason, J. J. Folsbee, Bernard Poljak, Paul Aust, Stewart Weiss, B. Marx and Culver Nichols.

## Palm Desert Sunbeams

By EDITH EDDY WARD

Ole Olsen is home again—home at the "House that Laughs Built" in Palm Desert! He is here rehearsing for the Olsen and Johnson show which opens at the Chi Chi in Palm Springs this week. Things are "poppin'" around the Shadow Mountain club where the troupe is rehearsing—there's never a dull moment with Olsen and Johnson around! The Sunday Matinee at the Chi Chi is expected to be a sell out to Palm Desert residents who are planning to form a caravan and drive to Palm Springs en masse to see the show.

Mr. and Mrs. R. H. Gibson of St. Helena, Napa Valley, California, have returned to their Palm Desert residence where they will remain until May. They are ardent horse fans and their two daughters, Peggie and Jeannette are both outstanding equestrians. The Gibsons are bringing four of their very fine working quarter horses to the Shadow Mountain Stables in time for the Horse Show the day after Thanksgiving. The horses are Smokey Bill Howard which won the Grand Champion Stake class for stock horses at the Arizona State Fair in Phoenix last week; a quarter horse mare, Danger Girl, which the Gibsons recently acquired and which brought the top price on a quarter horse mare for the 1953 season at the State Fair grounds. They are also bringing their outstanding stallion, Mucho Bueno and his matched pair mate, Serenade, which are being shown at the Pan Pacific Horse Show this weekend. Looks like the Shadow Mountain Stables will have some very distinguished residents for the Winter—the elite of the quarter horses!

It was practically "old home week" at the club last weekend, with many of the old timers down to attend the Sixth formal opening. There were several pre-opening cocktail parties. The one at the Charlie Millikens served a double purpose with the guests celebrating Ruth Milliken and Marie Walters birthdays. The guests included Mr. and Mrs. Art Leatherby from Banning; Dr. and Mrs. W. G. Gobbell from Sherman Oaks; Commander Walters and June Crocker. At Jim and Marilyn Harstad's party were Dr. and Mrs. James McNulty (Anne Blythe); Mr. and Mrs. Richard Bailey; Lois Cooper and her brother, Cyrus Shir-

ley; Mr. and Mrs. Charles H. Carr; Dr. and Mrs. Ben Frees; and Mrs. Emery Beardsly, all from Los Angeles.

The new Palm Desert Boosters club met last Monday evening for their organization meeting. It was well attended by the business people of the area and Ole Olsen became a sponsoring member. Helen Gabell, Rueben Buck and Cliff Henderson were elected to serve on the membership committee. On the publicity committee are Helen Roberts, Jim Harstad, Eloise Gates, George and Lois Roy and Adele Lingo. The hospitality committee consists of Mary Anne Hudson and Marilyn Harstad; and on the by-laws committee are Martin Delany, Bob Ellsworth, Hugh Fletcher, Eric Burquist, Art Fields and Clay Stearns. The purpose of the Boosters club is to promote the whole area and eventually form a Chamber of Commerce.

**PALM DESERT ECHOES:** Major and Louis Slater celebrated their thirty-sixth wedding anniversary last week with cocktails at the Racquet Club and dinner at Desert Air. New Palm Desert residents from Corona Del Mar are Mr. and Mrs. Thomas J. Payne who purchased the Dudley Steel house last week. Also Mrs. Beatrice C. Gass has moved into her new home which she purchased from Lou Manseau. Brian Donlevy and his little daughter, Judy, spent the weekend in their Sun Lodge and Cliff Kummer is down from San Francisco for a rest. Spotted at the club this week were Arthur (Dagwood) and Pat Lake; Ruth Warburton; Mrs. Homer Abercrombie; and Mary and Joan Leoncio from Reno, Nevada.

## Library Notes

**BAJA CALIFORNIA** (180 pp. illustrated) by Ralph Hancock—Are you tired of it all? Does the daily news nauseate you? Does the radio rouse you to resentment? Are you sick of being a target for the verbal garbage of soap mongers and cigarette peddlers? Or would you like to awake some morning to learn that all the politicians in the world had dropped dead?

If so, be of good cheer. To escape from it all, you need only to drive south from Los Angeles bearing eastward, for about 500 miles. By that time you will have exchanged your present set of annoyances for a quite different assortment. For example, the question of where to find the beer can opener will have given place to the more serious problem of where to get hold of a cold can. There is an answer, and it's in the book.

If still feeling escapist, you can keep on jolting southward for a further ordeal of nearly 70 miles, counting contortions of the so-called Camino Real.

For full details, including much useful information and a d v i c e, consult the above-named book on the long stretch of unspoiled wilderness that projects like a scrawny finger from the southwest corner of the United States but belongs to Mexico.

"Baja California" is an unusual combination of practical information and readability. The author does not try to lure you with purple prose to a possible death from thirst somewhere south of the border. There are many readers who, being duly forewarned, will feel no desire to escape personally into the formidable region where it is so far between drinks. But some people, like Mr. Hancock and his pals, are gluttons for punishment.

Another thing, the book is jam-packed with excellent photographs of the country and the safari, so that it is about

## Olga Nova Married to Tucson Man

Mr. and Mrs. Philip Nova of 1543 East Ramon road, are announcing the marriage of their daughter Olga to Alfred E. Wilson Jr., son of Mr. and Mrs. A. E. Wilson of Tucson, Arizona.

The marriage took place in Yuma on November 10.

The bride is a graduate of Palm Springs high school, and the bridegroom graduated from the University of Minnesota.

Following a honeymoon in Ensenada, the young couple are making their home in Riverside.

## Magins Hosts at Cocktails

Mr. and Mrs. Fritz Magin, annual Winter visitors to Palm Springs from Milwaukee, entertained at a delightful cocktail party at their Racquet Club cottage Saturday evening, followed by dinner in the club's main dining room.

The occasion also honored fellow Milwaukee visitor Charles Evert, who was at the Racquet Club for several days.

Guests included beside Mr. Evert, Mr. and Mrs. William Powell, Mr. and Mrs. Charles Farrell, Vincent Fotre, Marjorie Hall, Karl Kayser, joining the group for the cocktail hour were Mr. and Mrs. Robert Howard.

Evenly divided between pictures and text, The narrative includes plenty of piscatorial adventures, with fish pictures to back up the stories.

All in all, Ralph Hancock and Ray Haller, the photographer, have produced a splendid guidebook for tourists, sportsmen, escapists and armchair travellers.

## Foot Notes

By LYNN EMERICK

This is indeed a changing world; even in our Museum changes continue to take place. Last week I took you on tour through our Desert Museum and since then we've made alterations and shall do so periodically. First of all, our Audubon prints came back from the repair studio. These beautiful prints were donated by Mrs. H. W. Armstrong of Smoke Tree Ranch. Bobby Howard brought in six small frogs from Tahquitz Canyon, another addition to our collection of "Life Studies." This weekend Bobby shall display a variety of his attractive collection of butterflies. We intend to feature "Our Children's Exhibit" throughout the season. Bobby's display shall be the first in the series.

We have presented in our display a random few of the more than a thousand drawings and sketches by Carl Eytel, a pioneer desert artist. Eytel was born in 1862 in Germany and came to America in 1885, shortly thereafter moving to the desert. After a long and productive life, Eytel died in 1925 in Banning. Services were held in the Fiesta House of the Desert Inn and burial followed in the Palm Springs Indian Cemetery—a unique honor for Eytel. The best of Eytel's sketches may be seen in George Wharton James' work entitled "Wonders of the Colorado Deserts." This well known artist was one of the most interesting characters of the southwest. He was known and loved by the Indians and was considered to be one of the greatest painters of reptiles and desert landscape. His forte is in color and pose portrayal of the various forms of reptile life. His paintings sold for substantial prices and have been exhibited in New York. When you visit our Museum you can study the delicate sketches in color or in black and white. There are drawings in soft pastels, shadows in lavender or deep purple and groups of yuccas in precise detail. Eytel loved the desert and only came back to civilization when it was necessary to replenish his paint kit or to manage some of the gross commercial ends which were attached to even the fine arts. He traveled either by foot or burro over nearly every trail of the vast desert; he knew the beauty sites and reproduced them in small notebook sketches—these notebooks are now treasured by our Desert Museum. I'd like to let you know that he preferred to make his headquarters in Palm Springs and found many romantic spots to study and draw. The Eytel collection was purchased for our Museum in memory of Alexander J. Marcuse, in order that it may always remain in Palm Springs.

On the other side of the auditorium we have six different cases on exhibit. We have a glass case which contains insects and arachnids. We have representatives of the beetle and grasshopper families. We have a vinegaroon, a tarantula and a scorpion, which by the way are defined as arachnids because they have four pairs of legs—eight in all, instead of six. Their body has only two divisions, head and thorax which are fused. There have been many queries whether or not the scorpion, tarantula and vinegaroon are deadly. I've got good news. No. The Palm Springs, in fact all California, species are not deadly. You will get sick if stung. (I was bit by a scorpion last summer and became dizzy and nauseated but had no other effects.) Please apply cold compresses to the injured part should you be exposed to these arachnids.

Another display contains rocks and wood found in the Palm Springs area. The next case is filled with a variety of mounted birds; cowbird, ruby-crowned kinglet, green-backed goldfinch, gray warblers and swallows. In the large variety of birds you will see the valley quail and the Gambel quail. There are a few banded pigeons.

Our tablet-panel still features "Early Palm Springs History" and will continue through November. There are many interesting pictures of places and people associated with Palm Springs as far back as 1887. Standard equipment of all prospectors was a sturdy pick and rock-hammer without which no ore samples could be readily obtained and we have these at our Museum. Iron holders were fashioned for thrusting into any convenient chink or crack in the wall to hold candles in dark mining tunnels. We have parts of guns made in 1842 that were used by the prospectors. Cooking utensils and a miner's pan used in washing gravel and sand to recover gold flakes—dust and sometimes a nugget are also displayed.

A very valuable Museum piece is the robe or blanket of Jackrabbit skins donated to our Museum by Cornelia B. White. Three types of shell beads, all in gray were worn by the Ca-huilla Indians.

Another interesting display is the fossil fish from the Eocene. Approximately fifty million years old. The fossil dinosaur tracks on either side of the fish fossil were loaned by Bob and Andy Keefe of this city.

A plaster side-winder and two lizards are in the lower half of this case. Many people ask if these specimens are alive and we answer in the negative, giving full credit to Mrs. Anguliano (our own Jeanne Coutts) for her authenticity in reproducing life-color.

## I RISE TO REMARK

By CONGRESSMAN JOHN PHILLIPS

The way the United States got into this deal of buying houses and business buildings all over the world, in addition to military installations, is interesting in itself. As a matter of fact, the distinction between the two groups is even more interesting. When we go into a nation and build a great airfield, for example, or enlarge an existing one, we quite often make no provisions for landing our own planes on it, after hostilities have ceased. I have written about this before. In the same way, we pay high fees, just to put our military planes down on the fields of other nations, when we are jointly engaged in maneuvers for mutual defense. When it comes to offices and residences, the picture is a little different, but no more comforting to the taxpayers. In 1926, Congress passed an act, for the foreign service, permitting it to acquire buildings, both office and residence, abroad. This rolled along for 20 years, with no particular reasons for criticism, except possibly the situation in Berlin, or some other

location affected by special conditions. IN 1947, HOWEVER, a fund was being built up from returned lease collections, the sales of surplus materials in Europe, and to some extent from the counterpart funds created under E. C. A. and similar acts. The fund grew into millions. As I said in a letter recently, it is considered practically illegal to return any money to the taxpayers, so the spending began. Even allowing for the necessary growth of the State Department, under changing world conditions, it would be hard to justify a jump from 317,000 square feet of owned space, for offices, and 83 residences, owned by the U. S. all over the world in 1946, to the present figures of 1,662,341 square feet, with 53 residences for top flight officials and 981 residences for the lesser employees of the State Department and our various missions. It was simply that, to the bureaucrats this fund, created and resting in Europe, was "funny money" and they so spoke of it. They could buy the

Rothschild house, no matter what the price, nor the condition. In London, we were also taken nicely, that time for about \$800,000 in U.S. equivalent. The deal for the buildings occupied by the embassy was in the making, and both parties were committed, when the seller announced he had sold the buildings to a third party. It has every aspect of a phony deal and one of my objectives, in London, was to see some of my British friends and see what they knew about the parties involved. For a nation, proud of its business acumen, we do the strangest things; in this case we simply paid the new asking price, and took an \$800,000 loss.

IN ADDITION to the owned properties, the State Department has 654 leases, covering about 900,000 square feet of space. There are two sides, of course, to this matter of property ownership. It was hard during the war, and after, to rent satisfactory space. It is always hard for our people, often new to European methods, to find quarters which are satisfactory. To me, that simply means a section, looking out for places to live, and helping our employees get settled, and I do not mean three such duplicating sections, as we now have in Paris! The State Department em-

ployees abroad have their living allowances. In Rome I looked at a charming little property, which cost us \$130,000, assigned to an employee making \$10,000 a year. His quarters allowance was \$3,000. Would he have been living like that in America, for \$3,000? We take old buildings and spend fortunes fixing them up, and they are seldom right. We furnish them and replace the things worn or damaged, and assign them with little thought of the appropriateness of the living standards. Worst of all, to my mind, is the growing idea of building apartments for our own people, thus creating little colonies of Americans, who never learn the local language, never get to know the people, and how they are living, nor what they are thinking. We do not like that in the U. S.; the people in Europe do not like it either.

We should, of course, take care of our people, and we should give those whose employment level requires them to entertain, the facilities to do the necessary entertaining, but in the last ten years, in this field as in so many others, we simply let a situation run to seed. Worse, we seem to have sent boys to deal with experienced and shrewd men. As usual, the taxpayers picked up the check.

## Christmas Seal Sale Began in Palm Springs this Week

The 47th Annual Christmas Seal Sale opened throughout the country this week, according to Mrs. Russell W. Hills, Seal Sale Chairman in the Palm Springs area.

Thirty-three hundred and thirty-eight homes in the community will receive seals and be invited to join in this year's crusade against tuberculosis, she said. Tuberculosis costs Riverside county residents over a quarter million dollars each year and brings untold misery and hardship into homes where it strikes, according to Mrs. Hills.

"The people of this community can ill afford to pay this price for a disease which can be prevented and cured," she said, in urging generous contributions for the Christmas Seal supported services of education, prevention, research and rehabilitation. Last year \$30,300 were raised through the generosity of people of our county, and 94% of this amount was spent in meeting program needs in Riverside county and California. We will need at least \$32,500 to meet next year's growing demands for all the services made possible by Christmas Seals," she said.

Among the services needing expansion is the free chest x-ray project. "We will have to increase our x-ray quota from 18 to 20 thousand to keep pace with the growing public demand," Mrs. Hills said. "Past Christmas Seal service successes are gratifying, but there remains a big and challenging job ahead."

## Parking Meter, Sales Tax Take Slightly Lower

With 441 parking meters in operation in October, Villagers and visitors chunked in \$1,399 in nickels and pennies last month, Robert W. Peterson, city manager and treasurer, reported this week.

Total for the month was slightly less than for the similar month in 1952 but the total for the first four months of the current fiscal year is \$500 higher than for the corresponding four months last year.

**THE TOTAL** for the fiscal year as of November 1, 1953, was \$2,739. For the previous fiscal year on November 1 the total was \$2,212.

Peterson reported that the total take from parking meters since March, 1949, when they were installed stood at \$80,101 as of November 1, 1953.

Sales tax receipts for October, 1953, dropped below the 1952 total, Peterson said. Total for the period from July 1 to October 31 this year stood at \$27,286. For the similar period in 1952, the total was \$27,021. October totals were, 1953, \$4,538 and for October, 1952, \$6,714.

**PETERSON POINTED** out that the report is on a cash basis and reflects taxable sales which occurred in previous months and quarters.

The sales tax ordinance went into effect in May 1947. Since that time up to October 31, the city has collected \$807,157 in sales taxes.

## Driver Cited After La Quinta Accident

Charged with driving on the wrong side of Highway 111 east of La Quinta junction, Wesley E. Bly, Long Beach, was cited by the highway patrol after an accident in which two were injured Saturday.

L. M. Fairchild, 48, Phoenix, and Bernice Anderson, 41, Phoenix, in the car which collided with Bly's, were hospitalized at Indio following the accident.

## Insurance Men Ask Spread for County Policies

A group of 15 prominent insurance brokers throughout the Riverside county Monday petitioned supervisors to provide a "more equitable" division of the profits from the county's purchase of fire insurance.

The supervisors promised a careful study of their request. For the past two years, the county government's properties have been covered by a blanket policy from which four insurance brokers receive the premiums, which come to about \$7500 a year.

**THE PETITIONING BROKERS** said there is no reason why the profits should not be divided among all full time brokers who have operated in the county for five years.

County Supervisor Chairman William Jones has, during the past two years, advocated a wider distribution of the profits from insurance bought by the county. He made his advocacy clear again today.

The other four supervisors did not commit themselves so far as that. Most of them did say that they saw much merit in the request.

**THE 15 BROKERS** who petitioned the supervisors to make a change toward wider distribution indicated, in a letter to the supervisors that they feel they speak for just about all

## All Autos Must Have Rear View Mirrors by Jan. 1

"If you own a motor vehicle that does not have a rear view mirror you must equip the vehicle with such a mirror before January 1, 1954," Commissioner B. R. Caldwell of the California Highway Patrol warned this week.

According to a new provision of the vehicle code every motor vehicle registered in California after January 1, 1954 must have a rear view mirror which reflects to the driver a view of the highway for a distance of at least 200 feet to the rear of the vehicle.

"This new section of the code, enacted by the legislature at the last session, clarifies legal requirements pertaining to rear view mirrors by making such equipment compulsory," Caldwell commented.

"The former provision called for such rear vision mirror in the event that the vehicle was so constructed or so loaded as to interfere with the driver's view to the rear."

"This new provision will add importance to the law requiring the driver of any vehicle to dim his headlights when approaching within 200 feet to the rear of any car during hours that lights are required, since every vehicle will have a mirror to reflect the blinding light from bright beams," he added.

## VANDALS ACTIVE

Malicious damage, cutting of four holes in a door at The Center Apartments, was reported to police Saturday by Manager Percival Philomena.

the brokers in the county except four who now sell the fire insurance to the supervisors.

The 15 petitioning brokers suggested to the supervisors that they designate one broker in the county to do the work

in connection with the fire insurance policy. This broker, they said, should get about 30 percent of the profit. The other 70 percent of the profit, they said should be divided among all the brokers.
